Agency Project Builder

Build project estimates from RFPs with 2-step AI assistance

Step 1 — Upload Your RFP / Brief

 Clear All Data

 Analysis Mode

Fast Mode

Quick analysis (~150 deliverables)
Uses GPT-5 Mini • 30-60 seconds

Deep Mode

Comprehensive analysis (500+ deliverables)
Uses GPT-5 Thinking • 2-5 minutes

Batch Size Tier

Controls how many items are processed per API call. Larger batches = faster but less precise.

Balanced - 25 items/batch (recommended)

Balanced (25 items/batch): Optimal balance of speed and accuracy. Best for most projects.

Industry Template

Select Industry (Optional)

 RFP Summary

- **Business Overview** — Turnberry (Owner) is developing a 46-story mixed-use St. Regis branded hotel and residences at 805 Demonbreun Street in downtown Nashville, Tennessee, seeking branding for both the hotel and branded residential components ahead of sales and opening.
- **Why this RFP** — The project needs a full-service branding agency to define positioning, identity, creative direction and launch marketing to support residential sales and hotel opening, ensure alignment with St. Regis/Marriott standards, and embed local Nashville character.
- **Brand Strategy** — Research-driven positioning and strategy for both the hotel and residences defining target audiences, value proposition and guest/resident experience pillars.
- **Brand Identity** — Design visual identity system for the St. Regis Hotel and Residences that aligns with St.
- **Creative Direction** — Overarching creative direction to guide visual, photographic and multimedia execution across marketing channels and the sales center.
- **Brand Architecture & Naming** — Framework and naming strategy that clarifies relationship between the St. Regis brand, residences, and on-site venues/amenities.

Key Deliverables:

- Brand Strategy
- Brand Identity
- Creative Direction
- Brand Architecture & Naming
- Slogans, Taglines & Messaging
- Brand Marketing & Opening Campaign
- Content Production & Brand Film
- Sales & Marketing Center Experience (Immersive Tech)
- Collateral, Merch & Buyer Touchpoints
- Stakeholder Collaboration & Program Management

Channels: Digital Video, Experiential, Print, OOH, Social, CRM, PR, Display

Markets: Nashville, United States

Complexity: High

 Project Flow & Department Sequencing

From a PM perspective, here's how these departments flow together:

1. **Strategy** → Sets foundation & direction
2. **Creative** → Develops visual identity & concepts
3. **Content** → Creates messaging & narratives
4. **Paid Media** → Plans distribution & reach
5. **Technology** → Builds digital infrastructure
6. **Integrated Marketing** → Orchestrates & optimizes all channels

►  Strategy (6 deliverables)

►  Creative (14 deliverables)

►  Content (5 deliverables)

►  Paid Media (7 deliverables)

►  Technology (13 deliverables)

►  Integrated Marketing Management (7 deliverables)

Save Changes

TOTAL DURATION	TASKS	CRITICAL TASKS	DEPARTMENTS
126 days	2	0	-

⚠️ Resource Risk Management

No resource idle-time risks detected. Resources are efficiently allocated across the timeline.

Resource/Vendor	Waiting Period	Idle Time Cost	Risk Level	Recommendation
-----------------	----------------	----------------	------------	----------------

All resources are optimally scheduled with no idle gaps.

💡 **Tip:** Red arrows (🔴→) in the Gantt chart indicate resources at risk due to waiting periods. Consider redistributing work to minimize idle time costs.

Step 5 — Export

- Export Excel
- Export CSV
- Export XML

 Final Ship - Lock & Export All

This will finalize your project, lock all data, and generate comprehensive exports including all scenarios, pricing, and timeline data.
