

Enterprise Software Development RFP

Date: October 15, 2025
Document ID: RFP-2025-7323

Project Overview

We require a technology partner to design and develop a cloud-based enterprise resource planning (ERP) system. The solution must integrate with existing infrastructure and support 5000+ concurrent users globally.

Analytics Dashboard 1

Technical Requirements

Core Modules Required: • Financial Management - GL, AP, AR, budgeting • Human Resources - Employee management, payroll, benefits • Supply Chain - Inventory, procurement, logistics • CRM - Customer data, sales pipeline, support tickets • Business Intelligence - Real-time dashboards, predictive analytics • Mobile Applications - iOS and Android native apps • API Integration - REST APIs for third-party systems

Analytics Dashboard 7

A large, empty light blue rectangular area representing the placeholder for the Analytics Dashboard 7.

Design Mockup 12

Figure 12: Technology Visual Asset

Deliverables

Phase 1 (Months 1-6): • System architecture design • Database schema development • Core module prototypes • Security framework implementation

Phase 2 (Months 7-12): • Full module development • Integration testing • User acceptance testing • Production deployment

Analytics Dashboard 13

A large, empty light blue rectangular area representing the placeholder for the Analytics Dashboard 13.

Design Mockup 18

Figure 18: Technology Visual Asset

Phase	Duration	Budget	Resources
Discovery	2 weeks	\$25,000	3 FTEs
Development	8 weeks	\$150,000	8 FTEs
Testing	2 weeks	\$30,000	4 FTEs
Deployment	1 week	\$15,000	2 FTEs

Performance Requirements

• 99.9% uptime SLA • < 2 second page load times • Support for 10,000 concurrent users • Data encryption at rest and in transit • GDPR and SOC 2 compliance

Analytics Dashboard 19

A large, empty light blue rectangular area representing the visual asset for the Analytics Dashboard.

Figure 19: Technology Visual Asset

Process Flow Diagram 20

A large, empty light orange rectangular area representing the visual asset for the Process Flow Diagram.

Budget and Timeline

Total Project Budget: \$2,000,000 - \$3,000,000 Timeline: 12-18 months Payment Terms: Monthly milestones Support: 24/7 post-launch support required

Analytics Dashboard 25

A large, empty light blue rectangular area representing the Analytics Dashboard 25.
